DETAILED ACTION

The request filed on 11/13/03 for a Continued Examination Application (RCE) under 37 CFR 1.114 based on parent Application No. 10042203 is acceptable and a RCE has been established. An action on the RCE follows.

The IDS filed 11/13/03 has been entered and the initialed 1449 is attached herewith with the

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 74 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claim recites method of treating but does not disclose the various steps or the method of doing so.

This can be overcome by inserting "effective amount of" after administering and also applicants are required to insert the "subject" to which it is being administered.

Conclusion

The claims 50-54, 68-109 are still found to be allowable over the prior art of record.

If applicant overcome the above issues the claims would be allowable.
